Notion of attaining a beautiful space for the salvation of humans which bring knowledge and understanding and notion of achieving a necessary and proper life has been an ideal based on which any man seeks its realization in any circumstances and try to use his/her natural talents.

During the history, one of innate goals and needs of the man was and is appearance of his/her potential talents, because reasonable satisfaction of this desire always has resulted to his/her spiritual tranquility and perfection. This desire had and has a variety of manifestations, in terms of time and place.

A photograph of a modern building with a minimalist design. The building features a large, circular window on the upper level. A long, glass-enclosed walkway or ramp extends from the foreground towards the building, leading the eye into the scene. The architecture is characterized by clean lines and a neutral color palette.
